

"The Horses are getting fed the Right Proportions"

"I've used the Phase III feed for at least 10 years. I like it a lot.

Bob the Feed Man recommended it and I spoke with Robert Tiller. If it is good enough for Tiller, its good enough for us!

"We also had a nutritionist check it out and she said it was perfect.

"Before we were mixing all types of feed; sweet feed, oats, pellets etc. and you didn't know if you were feeding the right amounts. With Phase III the horses are getting fed the right proportions - Steve Attard
