

Fibre “O” and Flax Appeal

A transformative combination!

Rita Batka sent these photos of “Maple” a typical hard to keep Thoroughbred to Sarah Bartlett at Jones Feed Mill.

“Maple” was transformed on a diet of *Fibre “O” Plus and Flax Appeal*. Rita had some kind words for Sara and her assistance as well.

Hello Sarah,

I put together a little collage for myself of Maple and thought I'd send it to you. She looks amazing. Thank you for all of your help and taking the time to come and see us.

Rita
