

We are horse people too

Brooks rep. is horsewoman as well

Laurie Bishop is not only an accomplished Brooks Equine Feed representative, she is also an experienced and successful horsewoman.

On July 30th of this year Laurie showed her six-year-old mare Zoe at an inspection for Canadian Warmbloods near Orangeville Ontario. Zoe is out of a Thoroughbred mare that Laurie owned by an Oldenburg stallion.

Zoe was judged to be the top mare at the competition, receiving “Premium Status.” Certainly a fitting tribute to Laurie’s horsemanship and knowledge of nutrition.

Zoe was raised on Brooks rations including *Phase I and Phase II*, but now thrives on *Phase V and Flax Appeal* as Laurie starts the mare eventing with an eventual concentration on dressage.

Congratulations Laurie. You know as well as any one that we’re not just another feed company.

For us it’s about the horse!
